New Joint Venture Company

- While some IT and Investment companies struggle to survive, we will globally emerge even stronger

- As one of the largest IT solution providers in Thailand, Passion and People are our priorities. Trust and Responsibility are our key values.

- As the world evolves, so do we. Nevertheless, we remain driven by our passion for inventing innovation and solutions to solve important problems, and delighting our customers.

With the partnership between one of the Asia largest business group and the fast growing IT solution in ASEAN, we are ready to commit break through solutions for both publish and private sectors., we are going to publicly traded on the Hang Seng Stock Market in the near future.
